

Country Rustic

Corrugated

The Rustic and Aesthetic Look of Aged Steel

Country Rustic Corrugated provides an old style, rusted corrugated look while using state of the art paint technology. Country Rustic offers a unique two color print pattern designed to resemble rust, while providing the protection and performance of our DuraTech[®] xl paint system. Country Rustic Corrugated is a multi-functional panel used in roof or wall conditions for various types of cladding applications. Experience the Country Rustic print pattern the design community has already embraced with the functionality of a corrugated profile today!

- 7/8" deep corrugation creates a bold shadow effect, highly desired by designers.
- 28" overall coverage* provides for easy handling and installation, saving time and money.
*24 inch net roof coverage or 26 2/3 inch net wall coverage
- 26 gauge steel and our exclusive Zinalume[®] substrate, provides for twice the life of galvanized steel.
- Featuring a limited lifetime warranty when used in residential applications.
- Standard flashings and accessories available for a variety of roof and wall details.
