REPRESENTATION OF COLORS MAY VARY DUE TO PRINTING LIMITATIONS.

Sample color chips are available upon request. Consult your ASC Building Products representative for more information.

¹Please note, these colors are batch sensitive (may have color variation) and are directional in nature. Different batches are not to be mixed on projects. We recommend you request a sample of current stocked material to review actual color before ordering to ensure color accuracy. We are not responsible for color variations.

SRI=Solar Reflective Index. LRV=Light Reflectance Value. GA= Gauge of Steel. *Clear acrylic coated.

SRI values in accordance with ASTM E1980 and are based on independent testing. Cool Roof Rating Council (CRRC) performance values (for CA Title 24, Energy Star) are based on color families and will differ from those listed above. Please visit www.ascbp.com for additional information.
