

SUNSKY® Polycarbonate Panels

SUNSKY® Polycarbonate Skylight & Sidelight Panels

When light matters in your design, polycarbonate panels that match your favorite ASC Building Products profiles are the ideal solution.

FEATURES AND BENEFITS

- Polycarbonate panels are virtually unbreakable, offering up to 20 times greater impact resistance compared to a fiberglass panel.
- Panels retain optical clarity far better than any other glazing material for increased light transmission, while offering 100% UV protection.
- Panel profiles can handle extreme climates (-40°F to 270°F).
- Easily and safely installed.
- Panel provides highest resistance to wind uplift (UL 580 Class 90) and hail protection compared to a fiberglass panel.
- All panels come with a 10-Year warranty.
- Available in PBR Panel, 2½" Corrugated, Nor-Clad®, Strata Rib®, Delta Rib™, and Delta Rib™ III profiles.
- Available in White and Clear.

SUNSKY Polycarbonate panels match up to ASC Building Products most popular metal panel profiles.

SUNSKY is a registered trademark of PALRAM Industries LTD.
