¹Please note these colors are batch sensitive (may have color variation) and are directional in nature. Different batches are not to be mixed on projects. We recommend that you request a sample of current stocked material to review actual color before ordering to ensure color accuracy. We are not responsible for color variations.

**REPRESENTATION OF COLORS MAY VARY
DUE TO PRINTING LIMITATIONS.**

Sample color chips are available upon request.
Consult your ASC Building Products representative for more information.

SRI=Solar Reflective Index. LRV=Light Reflectance Value. GA= Gauge of Steel. *Clear acrylic coated.

SRI values in accordance with ASTM E1980 and are based on independent testing. Cool Roof Rating Council (CRRC) performance values (for CA Title 24, Energy Star) are based on color families and will differ from those listed above. Please visit www.ascbp.com for additional information.

ALASKA COLOR CHART

Skyline Roofing® panels feature the look of a standing seam panel with a concealed, through fastener design. With clean lines and lasting performance, Skyline Roofing panels have long been a top choice for residential roofing.

- > 16" Net Coverage.
- > Roof Installation: Minimum 3:12 slope.
- > 26ga available standard.
- > Subtle striations available.
- > Notching available.

Strata Rib® panel is a light gauge, exposed fastener panel with 36" coverage used in residential roof and wall applications.

- > 36" Net Coverage.
- > Roof Installation: Minimum 3:12 slope.
- > Wall Installation: Horizontal or Vertical.
- > 29ga available standard.
- > Matching polycarbonate panels available.

Nor-Clad® panel is a light gauge, exposed fastener panel with 36" coverage used in residential roof and wall applications.

- > 36" Net Coverage.
- > Roof Installation: Minimum 3:12 slope.
- > Wall Installation: Horizontal or Vertical.
- > 29ga available standard.
- > Matching polycarbonate panels available.

Klondike® Siding panel is an economical, structural, exposed fastened metal siding system suitable for extreme climates and is also ideal for residential and commercial, exterior or interior siding, wainscoting, and trailer skirting.

- > 36" Net Coverage.
- > Wall Installation: Horizontal or Vertical.
- > 29ga available standard.

TriLap® Steel Siding is a concealed fastener steel siding panel with the appearance of three wide-lapped boards. The product is for use in domestic and military residential construction and small, light commercial developments.

- > 16" Net Coverage.
- > Wall Installation: Horizontal.
- > 26ga available standard.
